**CAUTIONS**

To prevent serious personal injury and/or property damage, operate all remotely controlled models in a responsible manner as outlined herein.

**CHOOSE THE RIGHT PLACE TO OPERATE YOUR R/C MODEL.**
- Do not run on public streets or highways. This could cause serious accidents, personal injuries, and/or property damage.
- Never run R/C models near people or animals.
- To avoid injury, do not run in confined spaces.
- Do not run where loud noises can disturb others, such as hospitals and residential areas.
- Never run indoors. There is a high risk of fire and/or damage.

**AFTER OPERATION OF YOUR R/C MODEL**
- Turn off receiver first, then turn off transmitter, this will prevent runaways.
- Be careful when handling batteries, they will be hot after running.
- Replace any batteries that have been dented or have frayed wires, short circuits can cause fire.
- Be sure to keep your R/C model clean and free of excess dirt and grease, this will increase the life.

**INSPECT YOUR MODEL BEFORE OPERATION.**
- Make sure that all screws and nuts are properly tightened. It is also a good idea to use removable thread lock wherever metal screws go into metal, especially for engine mounts and the engine pile shaft.
- Always use fresh batteries for your transmitter and for your receiver to avoid losing control of the model.
- Always test the brakes and throttle before starting your engine to avoid losing control of the model.
- Make sure no one else is using the same radio frequency as you are using.

**VORSICHT!**

Um Verletzungen an Personen und/oder Sachschäden zu vermeiden, sollten alle ferngesteuerten Modelle sorgfältig und verantwortungsbewusst bedient werden, wie nachfolgend beschrieben.

**Wählen Sie den richtigen Platz zum Fahren**
- Fahren Sie niemals auf öffentlichen Straßen. Dies könnte Verkehrsunfälle, Personen schäden oder Sachschäden verursachen.
- Fahren Sie niemals in der Nähe von anderen Personen oder Tieren.
- Fahren Sie niemals auf bebauten Straßen.
- Fahren Sie nie in der Nähe von Wohnhäusern oder Krankenhäusern. Der Lärm könnte andere Personen stören.
- Fahren Sie niemals in Inneneinheiten. Dort könnte etwas beschädigt werden.

**Überprüfen Sie Ihr Modell, bevor Sie es in Betrieb nehmen.**
- Um Störungen zu vermeiden, benutzen Sie immer vollgeladene Akkus in Ihrem Sender und Empfänger.
- Bevor Sie den Motor starten, sollten Sie immer die Funktion der Bremse und des Gashebels testen.
- Gehen Sie sicher, dass niemand mit der gleichen Frequenz fährt wie Sie.

**PRECAUTIONS**

Afin d’éviter toutes blessures corporelles et/ou dommages environnants, veuillez procéder en toute responsabilité comme indiqué ci-dessous.

**Choisir le lieu adéquat pour faire rouler votre modèle.**
- Ne jamais rouler dans les rues ou sur les routes ouvertes au public. Ceci peut provoquer de graves accidents.
- Ne jamais rouler près de personnes ou d’animaux.
- Pour éviter les blessures, ne pas rouler dans des espaces confinés.
- Ne jamais rouler où le bruit peut déranger, comme aux abords des hôpitaux ou des quartiers résidentiels.
- Ne jamais rouler à l’intérieur: les gaz d’échappement sont nocifs.

**Contrôler votre modèle avant chaque utilisation.**
- Vérifier que les vis et les écrous sont bien serrés. Il est très fortement conseillé d’utiliser du frein filet pour bloquer les vis qui sont en contact avec du métal et tout particulièrement ment les vis du moteur.
- Toujours utiliser des batteries bien chargées pour l’émisson et la réception.
- Toujours vérifier les freins et la commande des gaz avant de démarrer.
- Vérifier qu’aucune autre personne n’utilise votre fréquence radio.

**Après l’Opération De Votre Modèle de R/C**
- Le virage du récepteur premier, alors virage de l’émiteur, ceci empêchera des fugitifs.
- Faire attention en contrôlant des piles, ils auront chaud après avoir coulu.
- Remplacer n’importe quelles piles qui ont été cabossées ou a éraillé des fils, les court-circuits peuvent causer le feu.
- Être sûr de garder votre modèle de R/C nettoie et libre de terre et la graisse supplémentaire, ceci augmentera la vie.
**Equipment needed / Benötigtes Zubehör / Equipement nécessaire**

**Radio Gear / Fernsteuerung / Equipement Radio**

**Radio control system**
- You will need a 2-Channel radio system with one servo, receiver, an electronic speed control with an ON/OFF switch.

**Fernsteuerung**
- Sie werden ein 2-Kanal Radio System mit einem Servo, Empfänger, eine elektronische Geschwindigkeitssteuerung mit einem Netzschalter brauchen.

**Ensemble radiocommande**
- Vous aurez besoin d’un système de radio de 2 Chaînes avec un servo, un récepteur, un contrôle de vitesse électronique avec un interrupteur (on-off).

**Motor / Motoren / Moteur**

- $S40$ Size

**Battery / Akku / Batterie**

- **Battery:**
  - Maximum size 45mmx25mmx150mm

**Warranty Info**

**AXIAL LIMITED WARRANTY**

Your Axial product is warranted to be free of defects in materials and workmanship when new in the factory sealed box. This warranty does not cover damages due to normal wear and tear, users' failure to perform routine maintenance, error of assembly or installation, modifications or addition of aftermarket parts or option parts. This warranty lasts as long as the original purchaser owns the product and is not transferable (verified by dated itemized sales receipt accompanied with product). In the event of a defect under this warranty, Axial will, at our discretion, repair or replace the product, provided our inspection indicates that an original defect exists. Axial provides a 10-day warranty from the date of purchase on electronics (i.e. servo, esc, radio). Axial reserves the right to replace any product which is no longer available with a product of comparable value and function. If Axial determines the repair is not covered under warranty guidelines, there could be a charge applied for the repair and return shipping charges. Note: Purchasing products from unauthorized distributors may void warranty and prevent support and service.

**INTERNATIONAL CUSTOMER WARRANTY**

Please return product to the dealer where the purchase was made. If your Axial product purchase was made through an on-line retailer, any warranty issues must be taken care of by that retailer. Axial assumes no responsibility for Axial products sold internationally by on-line retailers.

**REPAIR**

For warranty repair, please contact Axial Customer Service at (877) 64-AXIAL (877-642-9425).

Body Mounting Template

Align with bottom and back of door line
**Shock Tuning / Stossdämpferabstimmung**

Use this equation to calculate the final drive ratio.

**Final Drive Gear Ratio** = (Spur/Pinion) X 7.2

Mit dieser Gleichung können Sie die Gesamtübersetzung berechnen.

**Gesamtübersetzung** = (Spur/Pinion) X 7.2

---

**Pistons**

- **Standard Pistons**
  - Provides the same dampening rate on both compression and extension
  - Less

- **Variable Rate Pistons**
  - Provides a different dampening rate depending on which direction you install.
  - More

---

**Springs/Oil**

**Springs**

Depending on the application you may want a firmer spring than what is included. Selecting a spring rate is based on each vehicles weight and handling and usually will require some trial and error.

For rock crawling applications it is recommended to use a stiffer spring on which ever corner is exhibiting torque twist.

**Oil**

Oils are another element you can use to tune the handling of your vehicle. You want an oil that allows the vehicle to handle the terrain well, but not too thin as to exhibit a springy bounce while driving.

We recommend starting with a good 30 wt. silicone oil. If you are looking for a faster rebound/compression rate use a lower weight oil. If you are looking for a slower rebound compression rate use a higher weight oil.

---

**Gear Ratio / Getriebeübersetzung**

Use this equation to calculate the final drive ratio.

**Final Drive Gear Ratio** = (Spur/Pinion) X 7.2

Mit dieser Gleichung können Sie die Gesamtübersetzung berechnen.

**Gesamtübersetzung** = (Spur/Pinion) X 7.2

---

**Springs**

- **Faster Slower**
  - 10wt. 100wt.

---

**32 Pitch 38/13T (Stock Gearing AX30392 or AX30395) Spur Gear**
